Nova Scotia	111	12	6	114	8
Newfoundland	42	2	5	42	0
Totals	1,944	68	72	1,962	63

Greetings Fellow Members;

I look forward to seeing members in person again A.C. (**A**fter Covid). I am sure I am not the only one missing the days of B.C. (**B**efore Covid)!

As many of you are aware, all provincial associations have updated their websites to use the Wild Apricot management software system which incorporates a payment processor. Once you are invoiced by your provincial association and pay your annual dues - as long as you were a member in good standing then your profile is automatically updated. This means that when you log into your profile on the website you can see your virtual membership card as well as see your CEU totals. You are able to upload your CEU documents by clicking on Edit Profile and also can update your contact information. Remember that the end of next year is the end of another CSCT CEU Triennium (January 1, 2020 – Dec 31, 2022).

**Please wait until** you are invoiced by your provincial cardiology technologist association as some provinces are still in the midst of making sure all members' statuses are updated.

Finally if you have a smart phone and download the Wild Apricot App you can have a digital copy of your membership card as well as see all of the membership information. For example, when your next dues renewal date is, your membership status, all your contact information and CEU Totals and documentation.

Hope to see you in person in 2022!!

Respectfully submitted, Cheryl West  
CSCT Registrar
