CSCT ANUUAL GENERAL MEETING

October 16, 2021

Via Zoom

CSCT ALBERTA DIRECTORS REPORT

The Alberta Society of Cardiology Technologists last met on June 28th, 2021, Via Zoom. During this meeting the Board was happy to appoint Trinatie Kenney to the newly created position of Director- At- Large. The ASRCT Director- At- Large has the main responsibility of sitting on ASRCT committees and taking on a leadership role in all ASRCT projects.

The ASRCT AGM was held virtually Via Zoom on April 24, 2021, with a record breaking 67 members in attendance. Since this virtual meeting was such a success the ASRCT will hold another virtual or combination in person and virtual AGM this up coming spring. Date to be determined.

The main goals of the ASRCT at the present time are working on our Bylaw revisions, joining the CSCT Wild apricot data base, continuing our HPA journey, and providing education opportunities to our members.

The next meeting of the ASRCT will take place on October 18, 2021, Via Zoom.

Respectfully Submitted,

Amber Myre RCT

CSCT Alberta Director
