

CEU Report

CSCT AGM – October 16, 2021

Virtual

Good morning everyone, or afternoon depending on where you are joining us from.

There have been a few minor changes to the CEU guidelines to follow the path that CCC has taken, being virtual again and offering the On Demand programming.

CCC Virtual registration is 5 CEUs per day. The On Demand program now falls under the conferences, seminars and webinars category. You can receive 1 CEU per 1 hour presentation.

I want to also take this time to remind members that all CEU documents can now be uploaded directly to their profiles. Please check with your respective provincial CEU Coordinator about the protocol for uploading in your province.

Respectfully submitted

April Forrest, CEU Committee Chair
