## Job description

We are excited to introduce our new medical specialty clinic in Surrey across Surrey Memorial Hospital. The clinic includes 2 medical specialists, including one cardiologist. We have the facility to do electrocardiograms (ECGs), treadmill stress tests and holter monitoring.

We are looking for a cardiac technologist to join the clinic. This position offers the convenience of outpatient work with low stress. Mentoring provided for clinical questions by cardiologist in clinic. Plan to start as casual based on testing volumes and increasing hours as the clinic volume increases.

Duties include:

- Knowledge and ability to explain ECGs, stress tests and holter testing to patients and answer their questions
- Perform ECG, stress testing, holter and/or 24 hour Ambulatory BP monitor testing
- Scan and analyze ECG, stress and holter monitor test strips in addition to selecting and assessing portions of test strips and summarizing for interpretation by medical staff
- Ability to learn electronic medical record (EMR) system to be able to upload/scan reports into EMR for documentation

**Hours:** Part time/Casual

**Location:** Across from Surrey Memorial Hospital (Surrey, BC, Canada)

**Job Types:** Part-time/Casual to start

**Salary:** \$33.00-\$35.00 per hour

**Schedule:** 8 hour shift

**Licence/Certification:** CSCT certification

**Expected start date:** As soon as available

To apply, please email your CV to: [sharmacardiology@outlook.com](mailto:sharmacardiology@outlook.com) and our team will reach out to you regarding next steps. Thank you for your interest.
